

Directions: Take one softgel once per day or as directed by your healthcare practitioner.

Virmain D3 5000 is a natural, soy-free, bioidentical vitamin D supplement. Vitamin D, considered both a hormone and a vitamin, is manufactured in response to skin's exposure to sunlight and is essential to the body's absorption of calcium. Natural vitamin D3 (cholecalciferol) is four times more potent than synthetic vitamin D2.* In Latin, calciferol means "calcium carrier." Strong evidence suggests that vitamin D, when combined with calcium, has a significant impact on overall bone health.*
